

Announcing New After-School Recorder Club!

Starting on January 17th and ending on Mar. 14th.

(No practice on Jan. 24)

Time: Thursdays at 3:30-4:15 PM in the music room

Parents and Families of 3rd, 4th and 5th Grade Students,

Students in those grade levels are eligible to join our new After-School Recorder Club. While many of the students are introduced to playing recorder in music class, there is not always enough time for them to really master the instrument. Learning recorder can be of great benefit to students in learning the basics of reading music and can help them know what it is like to play a wind instrument. Our Middle school band directors consider recorder to be a pre-band instrument that prepares students to play other instruments. Students may purchase quality recorders at High Plains for \$6.00 or they can use the ones we have here at school. Interested kids may join recorder club to work at their own pace and increase their skill in playing this easy and enjoyable instrument.

Thanks,

Ms. Johnson – Music Teacher
