

# Information Technology Network Safety and Security Information

All District Internet Traffic  
(incoming and outgoing)

## District Firewall

IT Alert  
IT will examine the site and  
make adjustments  
accordingly.

**Blocked**  
Malware, virus sites, gaming  
sites, personal ads, gambling,  
etc.

or

or

**Appropriate Content**

## Content Filter

Criteria: Children's Internet  
Protection Act and  
Additional District Blocking  
Rules

**No filter is  
100%!**

The internet is always evolving,  
and new sites are created that  
have not been categorized  
against the filter. In those cases,  
District IT reviews the sites,  
determines if they are mis-  
categorized (or not categorized  
at all) and rectifies the  
situation.

Filter Categories  
Elementary School  
Middle School  
High School

**Blocked**  
Examples: Hate  
Crimes sites,  
gaming sites,  
shooting sites,  
classified buy/sell  
sites, obscenity and  
pornography.

## Student Digital Citizenship Lessons and Modeling in Schools

Examples of Digital Citizenship  
Resources used in Schools:

Common Sense Education  
Be Internet Awesome-Google  
Netsmartz Workshop

Additionally:  
all building administrators  
have the right to ask that a  
site be blocked or unblocked.  
IT reviews the request to see  
if the site meets the district's  
filter policies.
